New York has proved her loyalty to President Roosevelt by the state convention instructing for him and by selecting their strongest men for delegates to Chicago.

The attention of the republicans of the county is called to the fact that the county convention is called for May 3, and that the caucuses will be in the townships Saturday, April 30.

The Supreme Court of Kansas has decided that reading the Bible and repeating the Lord's prayer in the opening exercises of school, without comment, and where none of the pupils are not compelled to participate is not teaching sectarian or religious doctrine. The case grew out of a suit brought to compel the school board of Topeka to reinstate the son of J. B. Billard, who was expelled for refusing to attend school during the morning exercises. The court sustained the board and declined to order the pupil reinstated.

A Guster County Man.

The State papers have the following in reference to A. E. Brigham of Oconto:

"Game Commissioner "Nick" shipped 800 prairie chickens to Chicago last December. The birds are said to have been concealed in a canyon until ready for transportation, then packed into a car of baled hay and consigned to a commission firm at Chicago.

At the legal The different Townships are enrate of \$5 per bird the fine will titled to the following represenamount to \$4,000 with costs and Mr. Carter will not consent to the deduction of a single penny as Brigham has repeatedly defied the warden and the game laws and has boasted that he will continue in the business long after the game laws and the commission have been forgotten. At one time Brigham resisted arrest and succeeded in standing off Custer county officers with a rifle. Later he escaped from the local constable after having been arrested by the warden and turned over to the county officers to be held for trial.

A Fine Barn.

H. B. Andrews of Anelmo, can well boast of having the finest barn if not the largest in Custer county. It is 62 by 52 feet and

"Ifind Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the med-icine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black - Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

It is 35 feet from the base to the hay carrier outfit. Its capacity is 125 tons of hay, 2,000 bushels of grain, stanches for 21 milch mill, while the rain water from the roof of the barn will be piped to a cistren at the house. The barn has thirty glass windows besides other openinings which makes it both well lighted and ventilated. The cost of the building when completed will be \$2,500. W. F. Hopkins of this city is doing the work. We understand that Mr. Andrews will remoddle his house and barn on his old place as soon as he completes the work on his barn at Anselmo.

Robbed the Grave.

A startling incident, is narrated by John Öliver of Philadel-phia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain coninually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at Lee Bros., drug store.
